

The Modern range of plunge pools, courtyard pools and spas are specifically designed for today's market, not just because yards are getting smaller but also because of the time and money involved to maintain a large pool.

Our pools are a fun place to cool down and create your own private resort.

Hydraulically designed for superior circulation

Custom manufacture to suit all installations including out of ground & infinity edge

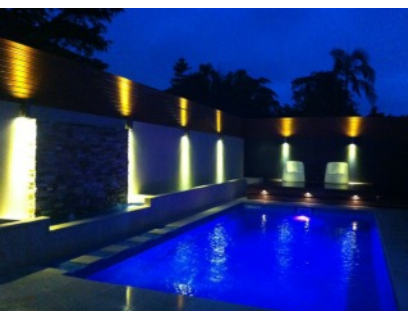

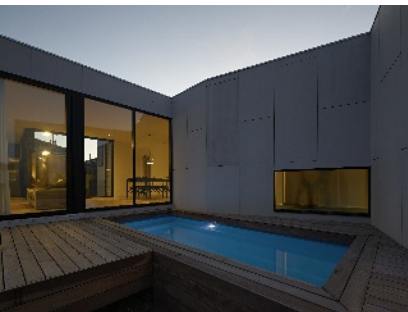

Lifetime Structural Warranty

Large seating area

Symmetrical design

Generous depth

Beautiful shimmer colours
